

wellpartner
PHARMACY

Wellpartner's URAC, ACHC and VIPPS accredited specialty pharmacy focuses on physician collaboration and expert clinical care for each specialty patient, filling 340B eligible and traditional prescriptions.

**Making a difference
when it matters most**

Are you...

Considering working with a certified specialty pharmacy to meet the diverse needs of patients, prescribers and health plans? Have you experienced delays in prior authorizations and needed help in navigating the administrative complexities associated with specialty prescriptions?

You can count on us.

Wellpartner is a URAC, ACHC and VIPPS accredited specialty pharmacy committed to the health of patients and supporting the needs of prescribers, caregivers and families. We are proficient at fast-tracking the prior authorization process — streamlining processes that will reduce administrative burdens and allowing you to focus on what is most important — meeting patients' care needs.

Our skilled and dedicated Patient Care Coordinators provide comprehensive and personalized therapy management programs for each patient, while addressing concerns and questions, which promotes adherence and results in better care outcomes.

Delivering consistent, industry-leading results is what we stand for in everything we do. Optimizing your 340B drug program is our number one priority. We will work with you to make a difference when it matters most.

**As part of your patient care team,
we make a difference when it matters most.**

wellpartner
PHARMACY

You can count on us with:

- ✓ Delivering the right care with the highest quality.
- ✓ Enhancing every prescriber's practice, with a patient-focused approach to care management.
- ✓ Streamlining administrative overhead with our single point of contact for patients, prescribers and health plans.
- ✓ Providing comprehensive and customized therapy management programs.
- ✓ Dedicating an account management team to educate, support and provide ongoing guidance every step of the way.

Your added value:

- ◆ Customizing therapy management initiatives for each patient that promotes adherence and compliance.
- ◆ Providing clinical documentation, with therapy reviews for disease state management, leading to improved patient outcomes.
- ◆ Taking care of the administrative burdens, and allowing you to devote more time to patient care.
- ◆ Adding Wellpartner pharmacy to the contract pharmacy network will help expand covered entities' 340B programs.
